5th-year student at ECE Paris (Cybersecurity major) with experience in enterprise architecture at Air Liquide, I am looking for a 6-month end-of-studies internship, available from February 2027.

Education

ECE Paris — **Paris, France**
Engineering Degree in Computer Science — 2022 – 2027
Major in Cybersecurity (International Track)
Final-Year Project (ongoing): LLM chatbot with RAG & MCP integration for Markethings (Python, Node.js)
Research Project (PPE): Cyber-attacks targeting solar inverters

Hanyang University — **Ansan, South Korea**
Exchange Program – Computer Science — August – December 2024

Lycée Molière — **Paris, France**
French Baccalauréat & Spanish Bachillerato — 2019 – 2022
Specializations: Mathematics and Computer Science

Experience

Air Liquide — **La Défense, Paris**
Enterprise Architecture Intern — April – August 2026

- Cleaned and rationalized the DDS Europe application portfolio (~450 applications), assessing cost, business criticality, cyber risk, and ownership, and updating classifications in LeanIX (BPML, Target Map, TIME framework)
- Coordinated GAMP-compliant pharmaceutical validation of a new Track & Trace solution, ensuring UAT documentation and specification versioning
- Updated the European interfaces circle map (~100 new interfaces) and produced application architecture diagrams (drawIO) around the SAP S4 core model in LeanIX
- Developed a Process Driven Company framework based on the consolidated European BPML (levels 0–4), contributing to an executive presentation for COMEX members
- Monitored shadow IT costs across the organization and presented findings and recommendations to the Executive Committee (CODIR)

SFA Tech — **Paris, France**
Data & AI Intern — June – July 2025

- Automated document management workflows using Python, Make.com, Power Apps, Monday.com, and APIs
- Developed an email processing pipeline to archive Outlook messages into Box
- Implemented an AI-assisted CV sorting process using Claude AI to streamline candidate screening
- Conducted cybersecurity awareness research based on MITRE frameworks to support internal security practices

Leadership & Activities

Kart'ECE – Treasurer — 2025 – 2026
- Supervised the budget and organized inter-school karting competitions

Noise Environmental Association – Logistics Coordinator — 2025 – 2026
- Managed logistics and coordinated eco-friendly campus events

Restos du Cœur – Outreach Team Volunteer (Maraude) — 2022 – 2023
- Distributed meals to homeless individuals as part of a street outreach team

Skills & Interests

Technical: Python, C, C++, Java, HTML/CSS/JavaScript, SQL, MongoDB, Git, Bash, Linux, DevOps, Windows Server
Coursework: SOC Analysis, Linux & Windows Security, Cloud Architecture, Cryptography, EBIOS RM, LLM Security
Language: French & Spanish (native), English (TOEIC 925), Korean (A1, self-taught), Italian (basic)
Interests: Language learning, Travel, Personal coding projects
